19 September 1948

1. A train with an air force unit of about 50 MM, a major and three officers, coming from DEBLIN (R 52/L 61) arrived in SIEDLCE (R 53/L 88). The unit was quartered in houses of the KRZESK Estate, about five miles northeast of SIEDLCE, along the road to NORDY (S 53/M 08).
2. The unit was to check on and take over the improvised airfield established by the Germans on the terrain of the former KRZESK Estate. No special installations were available on the field.

21 September 1949

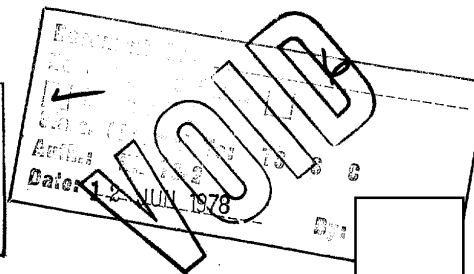

3. Six U-2s and three Yaks landed at the field. Take-offs and landings were practiced.

Comment:

The improvised airfield had been established by the Germans during the war. This is the first postwar report on the field and the present utilization and occupation is not known. As no hangars or quartering buildings are available, it is not assumed that an air unit is stationed there.
